16. Video/Photographic Release Form for people under the age of eighteen (18)

Mission Australia is making a difference in the community services sector. We are leading the way by empowering clients to regain their independence and take control of their future, helping people to get back on track.

Through using every day success stories from our clients we demonstrate how Mission Australia is changing lives in a real and positive way. Speaking from the heart, our clients are the heroes and with our support they become masters of their own destiny. All stories express a positive outcome or future for the featured individual.

All staff and clients involved in producing marketing material help to build a happy and proactive image of the work we do. Please fill in the below form and be part of our positive image building family
